

# Remember the Love of the Family

## “You can't put that on a CD!”

That was Sam's way of describing the “spirit” that was present and moving at our recent live concert at New Life Church on Marco Island, Florida. Sam is a very special pastor and new friend who shares the love of Jesus every day from a canopy on the beach.

Sam's observation made us realize that though you might have our CDs and enjoy some of the songs, it's completely different when you are able to participate in a live event. Together we experience the peace and fullness God desires personally for each of us and our family. We covet YOUR prayers and ideas to make an event happen in your area this year.

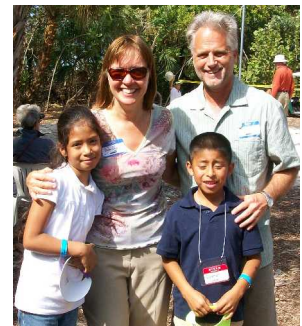

With Sam at his outreach on the beach

Author Lenore Else speaks and Wes sings “Fingerprints” at a Tea Ladies' event”

As *musician-aries*, our winter mission has been awesome. Besides sharing music, we've had wonderful opportunities to meet and come alongside other ministries and outreach events to share God's love and good news. More of these connections will occur during our upcoming trek to Bike Week in Daytona.

Mariela and Leo, our “little buddies”

*Every time we think of you, we give thanks to God.  
When we pray, we make our requests for you with joy.  
You have been our partner in spreading the good news.*

*Love,  
Wes + Dawn*

**We believe 2011 is going to be a breakthrough year in this mission God has given us!**

One of our highlights this winter was joining “Fingerprints of Faith” co-authors Lenore Else and Jim Sheard at several events. They shared their life stories and journey that lead to writing the book and invited Wes to close with the title song.

Go to [www.FingerprintsOfFaith.org](http://www.FingerprintsOfFaith.org) and enjoy the website. Listen to the title song Wes put to music and recorded.

Something new for 2011 is a “Tribute to the Gaithers”, including a brand new song Wes wrote for the Gaithers. During the tribute, we invite some of your folks to join us, creating a “homecoming” style moment.

Pictured are some of New Life's “homecoming” team.

Buddy Day: we had the privilege of accompanying Mariela and Leo, our second grade “little buddies”, to a “hands on” learning experience at the beach. The day was a reward for their hard work in an after school program in Immokalee, Florida, to improve their math and reading skills at the Guadalupe Center.

Since then we had a chance to visit Leo and Mariela at their school and are looking forward to possibly going back again and singing for the kids.
